

INTERNSHIP PROGRAM - SPRING 2022, SUMMER 2022 (UNPAID, REMOTE)

BOOMROOM simplifies the process for fitness instructors teaching live virtual workouts through an integrated platform that gives them the tools and technology to host high-quality classes, connect with clients, and manage their business. Our mission is to equip fitness instructors to host superior live virtual experiences so they can focus on what they do best.

THE BOOM TEAM

BOOMROOM Team Members work hard and play harder. They bring creativity and fresh ideas to the table. They believe in the benefits of fitness and see themselves as an advocate for physical and mental health within their peer groups. They're smart, empowered individuals who believe that technology can be used as an effective tool for connectivity.

Our interns are leaders. They're highly involved in their communities and aren't scared to talk about what they're passionate about. They are familiar with what motivates likeminded individuals within their demographic and will bring a fresh perspective to our overall outreach plan. All BOOMROOM Team Members support marketing, events, partnerships, local PR, community research and content creation to grow awareness for BOOMROOM as a mission-driven platform and brand.

WHO WE ARE LOOKING FOR

Our goal is to build a diverse team that's intelligent, creative and outgoing. We especially want to include those who are interested in wearing many hats and have a thirst for learning!
